## Highest scoring MCO on the HealthChoice Report Card for 2017!

On an annual basis, the Maryland Medicaid HealthChoice Health Plan Program provides a Report Card to show how the health plans in HealthChoice compare to each other in key areas. There are six Performance Areas that are measured, ranging from 1-star (Below HealthChoice average), 2-stars (HealthChoice Average), to 3-stars (Above HealthChoice Average). These scores are based on the medical care provided and the annual CAHPS® survey sent to members in each Health Plan.

Jai Medical Systems scored well above all other MCOs, earning a 3-star rating **5 times**, which is the highest rating available! Every day Jai Medical Systems strives to provide compassionate, quality care, and to help make a positive difference in the lives of our members! Please see below for the full comparison chart from the 2017 Report Card:

## New Diabetes Prevention Program

Jai Medical Systems has partnered with Omada Health, the nation's largest CDC-recognized Diabetes Prevention Program provider (DPP). Omada Health is an online health program that provides support and tools to lose weight and reduce the risk of getting diabetes. Omada is being offered at no cost to members. If you have a patient that is a Jai Medical Systems member, able to go online at least once a week, and at risk of getting diabetes (BMI higher than 24 and has high blood sugar), please direct them to [www.jaimedicalsystems.com/omada](http://www.jaimedicalsystems.com/omada) to see if they are eligible and to learn more about this program.

Slots are filling quickly, there are approximately 60 slots left, please encourage members to sign-up! Please contact Jai Medical Systems Customer Service Department at 1-888-JAI-1999 with any further questions.

## Pharmacy Updates & Opioid Prescribing Policies

Please visit [www.jaimedicalsystems.com/providers/pharmacy/](http://www.jaimedicalsystems.com/providers/pharmacy/) for our most current formulary as well as all formulary updates and changes. Additionally, please note, in partnership with DHMH, Maryland Medicaid's Opioid Drug Utilization Review Work Group is hosting provider training sessions on Medicaid's new opioid prescription policy.

Please register for a webinar in April or May by registering at <https://goo.gl/uC4xqD>. The new opioid prescription policy will take effect on July 1, 2017.

## Value Based Purchasing Initiatives

On an annual basis, the State of Maryland Medicaid Program selects specific HEDIS® and encounter based quality indicators for its *Value Based Purchasing Initiative*. The *Value Based Purchasing Initiative* is one of the methods used by the HealthChoice program to gauge the performance of participating Managed Care Organizations. We would like to ensure that all of our participating providers are aware of the CY 2017 Value Based Purchasing Measures and Targets selected by the State of Maryland. Please review the Value Based Purchasing Measures and Targets. On a periodic basis, we will be sending you more specific information concerning the *Value Based Purchasing Initiative*, including strategies for success. To learn more about Jai Medical Systems' quality initiatives, please visit [www.jaimedicalsystems.com/providers/quality-assurance/](http://www.jaimedicalsystems.com/providers/quality-assurance/).
